

# Focal Spot Monitor

## Presidential Message

**I**n my acceptance speech, I highlighted three key priorities: advocacy, patient care, and involvement in our profession. Six months later, these priorities remain just as critical to the mission and future of LSRT.

Once again, advocacy matters. As technologists, we must be at the forefront of decisions that impact our profession. Our field continues to evolve, and it is essential that our voices are heard—not only in support of our work, but in advocating for patient safety and best practices. To support these efforts, LSRT has recently partnered with ARRT to monitor trends within our field and help guide advocacy for meaningful change.

I also encourage all of you to pay close attention to the 2026 Legislative Session, which will begin on March 9 and conclude no later than June 1. During this time, our Legislative Affairs Committee will be actively monitoring the Louisiana Register to stay informed and prepared.

Previously, I challenged you to get involved—and that invitation still stands. We have a Day at the Capitol scheduled for March 9. Planning is currently underway, so please remain on standby for additional details. Be sure to follow the LSRT page for updates. Remember, many voices together create a powerful impact.

In addition, our 2026 Midwinter Seminar will take place on Saturday, March 14, at LSUA in Alexandria. LSRT members may attend free of charge, and we truly hope you will join us. We would love to see you there.

Finally, please be on the lookout for information regarding our Annual Conference, which will be held July 9 through July 11 at the Holiday Inn Downtown Alexandria.

When we show up, speak up, and stand together, we don't just strengthen LSRT—we shape the future of our profession and the care we provide to every patient.

*Monica Weber, MSRS (R)(M)*  
LSRT President  
2025-2026

# LSRT Officer Nominations Being Accepted Now

The nominating and credentialing committee is now accepting nominees for LSRT officers for the 2026-2027 year. Nominations are needed for President-Elect, Vice President, and Recording Secretary.

Nominations and questions regarding the officer criteria are to be made to chair **Rebecca Hamm, Ed.D, R.T. (R)(CT)** e-mail Rebecca at [rgibson@ulm.edu](mailto:rgibson@ulm.edu)

## SCHOLARSHIP AVAILABLE

All students and technologists who are members of the LSRT in good standing, if you have a GPA of 3.0 or above and have a need for financial assistance in pursuing your educational objective in Radiologic Sciences, this opportunity is for you. It's time to apply for the **Joe Schwartz Memorial Scholarship**.

The application and the rules for this scholarship can be found on the official web site of the Louisiana Society of Radiologic

Technologists (LSRT) at [www.lsrt.net](http://www.lsrt.net) or by contacting **Jessica Despino** at [Ashworthj@nsula.edu](mailto:Ashworthj@nsula.edu)

All completed scholarship applications and requested application items must be emailed no later than **April 15, 2026**.

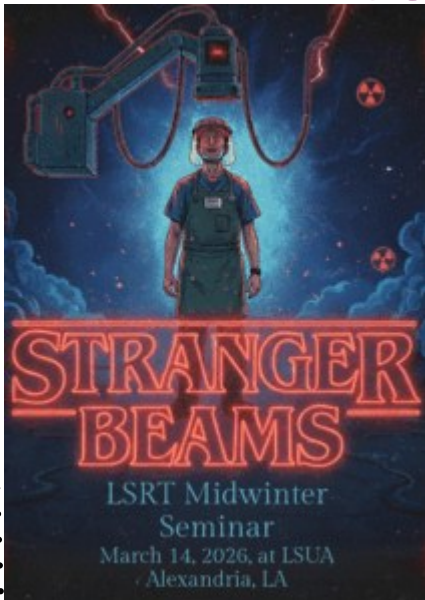

The LSRT is very pleased to offer this scholarship in the name of one of its past presidents, **Mr. Joe Schwartz**. Joe was a life member of the LSRT and was a true professional in every aspect of the word. The LSRT wishes to remember him by offering a scholarship in his name so that others may have the

opportunity to pursue the career that Joe so loved. The next Joe Schwartz Memorial Scholarship will be awarded during this year's Annual Meeting in Alexandria.

Scholarship

## Mid Winter Student Activities

attend the 1 day event, held on Saturday, March 14 on the LSUA campus. Registration is only \$30 for LSRT student members (if received before or on February first. There will be 2 Separate Student Programs available:

- ◇ For Seniors (2nd Year- Certification test review and so that you can become a certified radiography and be included in the Registry of Radiologic Technologists by the ARRT.

## Louisiana Society of Radiologic Technologists

### Registered Radiologist Assistant (R.R.A) licensure legislation in Louisiana

We're excited to share that work is underway to push Registered Radiologist Assistant (R.R.A) licensure legislation in Louisiana – an important step in advancing our profession and expanding opportunities for Radiologic Technologists across the state.

As we get this effort off the ground, we're collecting contact information from technologists who want to stay in the loop as things develop. Signing up simply allows us to share updates and opportunities to engage when they arise – joining the list does not commit you to anything, just a way to stay connected and ready when it matters.

Sign up here: <https://www.congressweb.com/ARRT/action/signup.go/id/6E13BD47-B608-824B-1CC1F943342B43C2>

Thank you for your continued support of our profession – we're excited about what's ahead.
